

Custom Home in Scarsdale, NY
Completed November, 2009

©Paul's Marble Depot

This custom built home in Scarsdale, New York, a 2009 project, required highest quality stone in hard to locate sizes. We were invited into the project part of the way for a variety of reasons. Subsequently, all of the dimensional stone was supplied, fabricated and installed by our crew.

For two fireplace surrounds, Portoro Extra marble from Italy was specified in longer size. It was located in, and imported from, Italy specially for this project. The kitchen Island top in Calacatta was extra large, almost 80" in width and installed in one piece.

Our ability to produce in-house mosaics helped us in designing bathrooms with coordinating stone and deco elements. Special profile chair-rail wall element in matching stone was provided for the pool bath. Similarly, we were able to offer Alba Chiaro with Thassos marble basket weave for flooring and matching Alba Chiaro mosaic border for walls, vanity top and tub deck.

This was a fast paced project and we were able to assemble necessary stone in a timely manner.

Some of our other projects during 2009:

House in Greenwich, CT
September 2009

House in Rye, NY
July - November 2009

Inn, Bedford, NY
February - July 2009
